

How Pacifica leveraged GumGum's cookieless targeting technology, Verity™, to reach beauty enthusiasts while driving buzz for a new product

Campaign Goal

Generate awareness around Pacifica's new Vegan Collagen Recovery Eye Cream and drive site traffic.

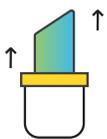

Flight

11/23/20-12/23/20

GumGum Strategy

- Page level contextual targeting using GumGum Verity™ to surround content related to Pacifica, Beauty Enthusiasts, Clean Beauty, Skincare, Skincare Regimens, Anti-Aging, Skincare Needs, Health, Wellness, Retailers (Target, Ulta), Competitors, Pacifica Products (Vegan Collagen), Vegan Beauty.
- Leverage page level contextual targeting to conquest all competitors.
- Vertical targeting to maximize scale across endemic Health & Wellness and Lifestyle site categories across GumGum's premium network of sites.
- Create 2 different versions of GumGum's highly viewable In-Screen unit to engage beauty enthusiasts across multiple devices.

Performance
